

Preparing Your Child For Kindergarten Helpful Organisations

There are a number of organisations through Western Australia that can assist you if you have any concerns regarding your child's development.

Therapy Focus

Therapy Focus is not-for-profit organisation providing therapy and support services to Western Australian children and young people with a disability or learning disadvantage. They work closely with families, schools, carers and the community to improve quality of life for thousands of children, helping them grow and reach their full potential.

Raising Children Network

The Australian Government has released a website to assist parents. This is a complete resource for parenting newborns to teens and it provides parents with information about child development, health, education and behaviour.

Promoting Literacy Development

Promoting Literacy Development (PLD) is a dynamic organisation that equips parents and teachers with quality education programs, resources and services designed to maximise literacy-based outcomes for 3 to 11 year olds.

<http://www.pld-literacy.org/>

The PLD website also provides parents with a number of milestones and fact sheets. The fact sheets outline the age-specific skills and activities parents can do with your children to develop their literacy and fine motor skills. These can be found at
